

G3 Technologies, Inc. is currently seeking students for these employment opportunities:

- **Co-op**
- **Internship**
- **Full-Time**
- **Part-Time**

As part of the student learning process, you will experience firsthand the opportunity to create state-of-the-art wireless solutions. You will partner with talented and experienced professionals through all phases of the engineering process and resultant product development. You will work as part of a team to craft customized solutions based on customer requirements.

What you will do:

- Participate in development of state-of-the-art wireless products
- Participate in testing of products - help define and exercise test plans
- Participate in customer support - create manuals and support documentation
- Gain hands-on experience with wireless system components and test equipment
- Receive hands-on experience with PCs, lap-tops, mobile phones

Qualifications Required:

- Working toward a BS in Electrical Engineering, Computer Science, or Computer Engineering (Junior or Senior preferred)
- 3.0 GPA or above
- Proficient in MS Office applications (Word, Excel, Visio, etc.)
- Completed classes in networking TCP/IP or Wireless communications
- Programming experience (JAVA, C++/C or scripting languages)
- Prior part-time or full-time work experience

Additional Qualifications a plus:

- Linux, Android
- Prior IT Network Support (Windows or Linux), Wireshark or Ethereal experience
- Good understanding of one or more wireless standards: GSM, CDMA, UMTS
- Prior experience developing mobile or J2ME applications/midlets

We offer flexible work schedules that will complement your class schedule
